

Parties that come together

Tiny Tot Parties

I remember walking down the stairs at Kids Paradise and a little boy was having his birthday. I asked him was it his birthday and he said, "Yep, I'm 5 tomorrow but I had to have the party today." I said, "Do you think you will be any bigger when you turn 5?" He stopped, looked at me, hand on mouth and said, "I think so but I didn't last year but I probably will because I'm 5 this year."

We get one chance a year to make our child's day special and that's why we're excited about our **Tiny Tot ABC Parties**.
